Deepening of Dalavaibhavi and Bheemappa's choultry wells in Pavagada Town

====

Sir,

In forwarding herewith the file of correspondence received with letter No O C 199/48-49 dated 1st April 1949, from the President, Minor Municipal Council, Pavagada, on the above subject, I have the honor to state that the Municipal Council have at their meeting held on 27-3-49 resolved to take up the deepening of Dalavaibhavi and Bheemappa's choultry wells at an estimated cost of Rs 215/- and 370/- respectively in view of the scarcity of water in the town during this hot summer, the expenditure being met out of the closing balance of the Municipal Funds of the current year

The President states that as the deepening of the wells is quite essential, the Council felt to take up the works in anticipation of sanction and that tenders have been called for for early execution He requests to accord sanction to meet the estimated cost out of the closing balance as there is no sufficient funds in the sanctioned budget

I, therefore, request that sanction of Government may kindly be accorded to the resolution of the Municipal Council

Yours faithfully,
